

My Testimony of The Eclectic Knowledge of Christ.

Question: What is this book about?

Answer: This book is part of a Divine plan to change the world. It starts from within. If you improve yourself, you improve the home you live in, the street it is on, your city, your state, your nation, and the world.

Question: "Do you think God is worried about the world?"

Answer: "Yes."

Question: "Why should someone believe Christ came to you?"

Answer: "Christ will tell you; you should feel it. Besides, where else could the thoughts in this book have come from?"

Question: "Any actual proof?"

Answer: "This book describes something difficult to overcome. When you enter the room, do you deny the table in front of you? Do you deny the chairs at the table? Do you deny what you see with your own eyes? God isn't playing games."

Question: "How did you know how to overcome what you overcame?"

Answer: "Keep reading, look up to the stars and search within yourself for the answer. Remember, a miracle is the manifestation of knowledge currently unknown."

Question: "Who are you?"

Answer: Read the book. I'm a recruit. Maybe you are also."

Question: "Why now?"

Answer: "The danger to the world is extremely high and God figured humanity needed a spiritual tune-up! God has calculated the probabilities and most likely outcome of human technology and saw the need to act. You think in the same primitive way as a thousand years ago, but unlike a thousand years ago, have the ability to instantly kill millions of people. It's time to interfere."

Question: "Therefore, what?"

Answer: "There needs to be a seismic shift in human thought. This book opens the door. Read it."

Question: "How can a thought stop a bullet?"

Answer: "With God there is hope."
